"SKATERT-SAMOBRANKA"

is a **leading brand** in Russia's canned fruits and vegetables sector, renowned for its vegetable preserves which follow **the best traditions** of home canning.

"SKATERT-SAMOBHRANKA" products have been produced in its **own factory** since 2019. The factory is located in Volzhsky, a city in the Volgograd region that has **perfect climatic conditions** for growing cucumbers, tomatoes, peppers, and other vegetables.

The factory uses **freshly harvested** raw materials, delivered directly from local farms.

The factory is equipped with **modern machinery**, including three fully automated lines and one manual line. At full capacity, this setup enables the production of pickled cucumbers and tomatoes in standard 720ml jars at a rate of **300 000 jars** per day.

"SKATERT-SAMOB RankA" brand guarantees product quality by adhering to GOST, ISO, and FSSC 22000 standards, among others. This compliance is ensured by mandatory audits conducted by independent laboratories.

The **continuous efforts** to expand the product range, enhance packaging design, and offer diverse packaging solutions make the brand a consistently **attractive partner**.

A **comprehensive rebranding** was launched in 2023, introducing a new logo that successfully balances **modernization with heritage**, ensuring continued recognition of the brand.

Now the products of **"SKATERT-SAMOBHRANKA"** are **actively exported** to China, the UAE, Belarus, Kazakhstan, Tajikistan, Azerbaijan, Germany, USA and other countries, introducing international buyers to **authentic Russian goods** made according to **traditional recipes**.

"SKATERT-SAMOBRAANKA" brand is available on **major online marketplaces**, including JD.com, Taobao, and 1919 in China, as well as Ozon, Wildberries, Yandex Market etc. in Russia.

"SKATERT-SAMOBHRANKA" actively participates in exhibitions both in Russia and internationally. The brand's achievements include winning awards for **"Best Product of the Year"** and **"Stable High Quality"**.
